

Shivam College of Education (SCE), Deoghar, maintains a dedicated placement Cell aimed at bridging the gap between academic training and professional employment opportunities in the education sector. While detailed information on specific activities is limited, the college emphasizes the importance of career guidance and industry interface to enhance student employability.

Placement Cell Activities

Although explicit details are scarce, based on standard practices in teacher education institutions, the placement Cell at SCE likely engages in the following activities.

- ❖ **Career Counseling** :- Providing guidance to students on career paths in education, including teaching positions in schools and educational institutions.
- ❖ **Resume Building**:- Assisting students in Crafting professional resumes that highlight their qualification and teaching competencies.
- ❖ **Mock Interviews** :- Conducting mock interview sessions to prepare students for real-world job interviews.
- ❖ **Industry interactions** :- Facilitating interactions with educational professionals and institutions to provide students with insights into the industry.
- ❖ **Internship opportunities** :- Arranging internships in schools and educational centers to provide practical teaching experience.

Collaboration with Shivam College of Education

The SCE emphasized 100% placement assistance across its institutions, which may extend to SCE graduates as well. This support includes job interview preparation and guidance for both government and private sector employment.
